COVID-19 vaccinations available

As has been previously shared by Associate Vice President for Student Affairs & Dean of Students Athena Sanders, CCAD has arranged a vaccine clinic for CCAD students and employees at Mount Carmel East, [6001 E. Broad St.](#), to receive the two-dose Pfizer vaccine. This vaccine event is voluntary, however, CCAD does strongly encourage our community of students, faculty, and staff to get the vaccine.

The clinic will run from 2 to 4 p.m. **this Thursday, May 6, and Friday, May 7**. In order to participate, [fill out this form](#) and select one date on which you want to attend the clinic for your first dose. Please try to complete the form at least a day ahead of your selected date. Once Mount Carmel receives your information, they will send you a confirmation email including pre-registration materials and instructions to prepare for your vaccine date. While you are at Mount Carmel East for your first dose, you will schedule your second dose (to come 21–28 days after your first dose) directly with them.

There is no cost to get the vaccine, and you do not need to have health insurance, although you are asked to bring your insurance ID card with you if you do have coverage. For the most up-to-date vaccination information, please view our [frequently asked questions regarding vaccination](#).

Watch, chat & learn

Glen Jennings (Media Studies Time-Based, 2003) will discuss his creative work and his career in [an online conversation](#) hosted by the CCAD Alumni Office **6:30–7:30 p.m. (EDT) Thursday, May 6**. Jennings will take us through his experience following graduation through different periods in his career until now and will share video clips and other examples of his work.

It's official!

President Melanie Corn has received formal notification from the Higher Learning Commission that Columbus College of Art & Design has again earned 10-year reaffirmation of accreditation and that our next affirmation will take place in 2030–2031. As a result of this reaffirmation, CCAD has received reauthorization from the Ohio Department of Higher Education.

This is an important acknowledgement of CCAD's commitment to its mission, teaching and learning, and continuous improvement of its operations. As part of that, in October, students, alumni, faculty, staff, and trustees alike demonstrated those same commitments by participating in virtual open forums at HLC 10-year review visit, where colleagues from peer institutions confirmed CCAD's

More accreditation news

In other accreditation-related news, CCAD has opted to resign from the National Association of Schools of Art and Design, which is a specialized accrediting agency for schools of art and design. This decision to leave NASAD, which was approved by the CCAD Board of Trustees at the March 23 meeting of the Committee on Academic and Student Affairs, is intended to eliminate the redundancy of dual accreditation and save time and expenses, as well as enable CCAD to move more swiftly in creating new, innovative programming.

CCAD joins other peers within AICAD in our decision to resign from NASAD. They include Pratt Institute, California Institute of the Arts, Parsons School of Design, Rhode Island School of Design, School of the Art Institute of Chicago, and

adherence to HLC's Criteria for Accreditation.

University of the Arts, among others. The resignation will take effect July 1, 2021.

Thank you for your part in CCAD's reaffirmation process.

And the most important element of retail is ...

In retail, there's nothing more important than your customers—you simply don't exist without them. Discuss how to know and understand your customer—and the excitement that can come when you give them what they crave—in an online session from Bath & Body Works' Tom Ramsey, ["The Importance of REALLY Knowing Your Customer"](#) **Thursday, May 13, at noon (EDT)**, as part of our ongoing series [CCAD Knows Retail](#).

Scholarship support helps designer realize his goals

Ryder Teach (Fashion Design, 2021) knew he was destined to attend CCAD from the first time he caught a glimpse of a CCAD Fashion Show online. Later this month, he'll show his work as part of the 2021 CCAD Fashion Show presented by L Brands Foundation. But getting there took time, effort, talent—and scholarship support.

Short films, big dreams

This fall, Film & Video students got a taste of the real world as they worked to transform two scripts written by the winners of the 2020 Film Columbus Teen Screenwriting Competition, to life. Adrienne Ashbaugh (Film & Video, 2021) directed one, the spooky and cryptic *Channel 113.4*, and discussed the experience on our blog.
